

About FAiR

The Finding Agreement in Return (FAiR) project aims to strengthen the governance of return migration in the EU, addressing the legitimacy issues around return migration policies and alternatives. In the coming years, the project will generate new insights into the factors and processes that either foster or impede the legitimacy and effectiveness of related policies. The initiative places the perspectives of non-EU realities centre stage and brings together multidisciplinary expertise from academic, policy research, governmental, and migrant advocacy organisations across Europe, Africa, and the Middle East.

Project duration: May 2023 - October 2026

Objectives

This project aims to enhance the efficiency, effectiveness, and humanity of EU return management. Our goal is to contribute to a more robust and human-rights based framework for managing returns within the EU. We will achieve this by providing policy recommendations derived from a thorough evaluation of:

1. EU and bilateral intergovernmental return policies,
2. and alternative approaches to return policies.
